

How to Set Live Wallpaper on iPhone

To use Live Wallpapers on your iPhone, just follow these steps:

1. **Save a Live Wallpaper from Our App**
2. Go to to Home Screen
3. Choose **Settings > Wallpaper > Choose a New Wallpaper.**
4. Tap **Live Photos Album** from the Gallery List
5. Tap a **Live Photo** to select it.

6. You can long press on the live Photo to see the Preview.
7. Tap **Set**.
8. Tap **Set Lock Screen**, **Set Home Screen**, or **Set Both**, depending on where you want to use the photo.
9. Go to the Home or Lock screen to view the new wallpaper. Remember, this is Live Wallpaper, so it will only animate on the Lock screen.
